WHY DID I START SENIOR RELOCATION ORGANIZING?

I saw the need for this service from my patients as I worked at the Laser Clinic for 4 years. I know I could help not only my patients, but their family members and friends.

As the Clutter Helper, I offer caring, compassionate support and encouragement to clients during a downsizing and later life move.

A senior move is “not just another move”. My care, efficiency and professionalism release the burden during this major life transition.

“Life doesn’t get better by hope, it gets better by plan”.
